

POLICY & ACTION FROM CONSUMER REPORTS

August 11, 2014

The Honorable Edith Ramirez, Chairwoman  
The Honorable Julie Brill  
The Honorable Maureen K. Ohlhausen  
The Honorable Joshua D. Wright  
The Honorable Terrell McSweeney  
Federal Trade Commission  
600 Pennsylvania Avenue, NW  
Washington, DC 20580

RE: Include warranties in the Zimmer-Biomet merger

Dear Chairwoman Ramirez and Commissioners:

Consumers Union, the public policy and advocacy division of Consumer Reports, is submitting to you the following statement signed by more than 12,000 consumers regarding the proposed merger between Zimmer and Biomet. The statement is urging you not to overlook the competitive importance of warranties for hip and knee implant products as a means of helping ensure quality and safety for consumers.

As you decide the Zimmer-Biomet merger, I urge you to ensure that consumers get a strong warranty for knee and hip implants sold by this merged company. Biomet is the only manufacturer in the country to offer a warranty, and it's critical for consumers and competition that this warranty be continued and ideally, expanded as part of this merger.

All the major hip and knee makers have recalled a product or line of products in the past decade. Without a warranty, the high cost of replacement surgery often is dumped on patients. And for the millions of older Americans covered by Medicare, that cost is borne by taxpayers.

I urge you not to overlook the competitive importance of warranties for hip and knee implant products as a means of helping ensure quality and safety for consumers. Please include a strong product warranty as part of this merger deal.

Sincerely the undersigned,

Petition to FTC Concerning Zimmer/Biomet Merger
